DOCKET NO. W-02015A-03-0724

STAFF'S MOTION TO CLOSE
DOCKET/STATUS REPORT

Pursuant to the Procedural Order issued August 17, 2004, the Utilities Division Staff ("Staff") now requests that the above captioned application be closed due to the Applicant's failure to respond in a timely manner.

Background

A Procedural Order was issued initially on June 3, 2004, which required Staff to file a Status Report and the Applicant to respond to the Report.

Staff filed its Staff Report on June 22, 2004. That Report recommended that if the Applicant failed to provide Staff necessary information, that the matter be closed. Since that time, Staff contacted both the buyer and seller involved in the proposed transaction. Despite verbal assurances, Staff has not received any of documentation from either entity. As well, the Applicant failed to file a response as directed in the June 17, 2004 Procedural Order.

Staff would note that it received the attached Arizona Department of Environmental Quality ("ADEQ") Drinking Water Compliance Report dated July 29, 2004, which indicates that due to compliance monitoring deficiencies ADEQ cannot determine if Beaver Valley Water Company is currently delivering water that meets ADEQ standards.

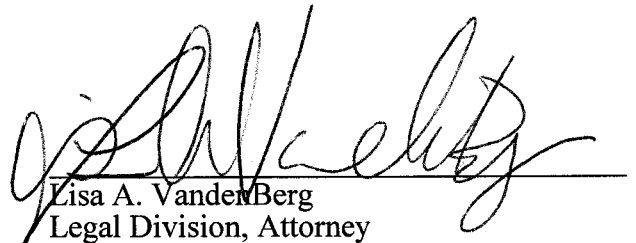

Finally, on August 17, 2004, a Procedural Order was issued requesting Staff file a Status Report on or before August 31, 2004. Staff herein complies.

Conclusion

Due to the Applicant's failure to provide necessary information to Staff and its failure to

1 respond pursuant to a Procedural Order, Staff requests that this docket be closed without prejudice
2 for refilling at some future time.

Because of the previously identified compliance monitoring deficiencies, ADEQ cannot determine if this system is currently delivering water that meets water quality standards required by Arizona Administrative Code, Title 18, Chapter 4. This compliance status report does not guarantee the water quality for this system in the future. This compliance status report does not reflect the status of any other water system owned by this utility company.
